Noah Beck is Vice President, Strategy Research, Equity Strategies at Research Affiliates. Research Affiliates is a global leader in smart beta, factor investing, and asset allocation. The firm creates investment strategies and tools based on award-winning research and delivers these solutions in partnership with some of the world's premier financial institutions. Noah joined Research Affiliates in 2012 and supports the equities strategies research team, which develops the systematic equity strategies and cross-sectional research underlying the firm's smart beta and active equity offerings.

Prior to joining Research Affiliates, Noah was a systems engineer at Boeing.

Noah received his Bachelor of Science in physics from Harvey Mudd College, and his Master of Financial Engineering from the University of California, Los Angeles.
