Tom Rutherford is Senior Vice President, Investment Systems, Equity Strategies at Research Affiliates. Research Affiliates is a global leader in smart beta, factor investing, and asset allocation. The firm creates investment strategies and tools based on award-winning research and delivers these solutions in partnership with some of the world's premier financial institutions. Tom joined Research Affiliates in 2016 and supports internal investment application development, productionizing research models, advancing firm-wide process automation, and implementing core libraries.

Prior to joining Research Affiliates, Tom designed software in the precision agriculture and neural interface device industries.

Tom received his Master of Science in computer science from the Georgia Institute of Technology and his Bachelor of Arts and Science in computer science and psychology from the University of Lethbridge.
